MICHELL'S**1906****WHOLESALE
SEED
CATALOGUE****FOR FLORISTS AND
MARKET GARDENERS****SPECIAL NOTICE!**

WE regret to be again obliged to report a very short crop in **Green** and **Wax Beans**, also on some varieties of **Peas** and **Onions**. **Spinach** has also proved a serious failure. Our prices on these items have, however, been carefully extended with a view to furnish the planter with the very best stock at lowest prices.

ALL SEEDS are of CROP 1905*Michell's Very First Tomato.***MICHELL'S VERY FIRST TOMATO****A PROFITABLE EXTRA EARLY TYPE.**

For an early sort this variety is without a peer, although we have offered it for two years past, it has proved such a shy seeder (a valuable point in a market tomato) we barely had sufficient to meet demands. The past season we had planted a large acreage and will have enough to meet all demands. The color is a deep red, skin very smooth, fruit perfectly formed of medium size, a tremendous cropper, single fruits weighing 15 and 16 ounces each. In our trials with this sort we found it came into picking condition (under the same treatment) a week sooner than the famous Earliana. We cannot recommend it too highly.

PRICE: 10c. per packet; per ½ oz., 20c.; 40c. per oz.; ¼ lb., \$1.35; \$5.00 per lb.

This Wholesale Catalogue is mailed to the trade only. If you wish an illustrated Retail Seed Catalogue, a copy will be mailed upon request.

TO OUR FLORIST AND MARKET GARDENER TRADE

In presenting this, our 14th annual Wholesale Catalogue, we have endeavored (as usual) to list the very choicest types in their class of flower and vegetable seeds, all grown by our regular reliable contractors in localities best suited to their development in the highest state of excellence. Our reputation as a firm who **absolutely guarantee satisfaction to every customer** in each transaction has long been well founded, and is frequently commented upon by many with pleasure. To prove this, we can look over our accounts and refer very often to names of customers who entrusted their orders to us when we first embarked in the seed business, and who are still doing business with us. The reason for this is accounted for by the fact that every inquiry, order, complaint (or as the case may be) is handled personally, and the conduct of our business is carefully watched in its every detail.

Bestellungen in Deutscher Sprache
werden sorgfältig ausgeführt.

We would appreciate your orders again for 1906.

GENERAL INSTRUCTIONS FOR ORDERING, ETC.

Names and Addresses. You will oblige us extremely if you will always write these plainly, giving us in your address the street, post-office or R. F. D. address, mentioning of course the town, county and state. This usually overcomes many delays.

Remittances. These can best be made by Post-Office or Express Money Order, check, cash, or small amounts can be sent in two-cent postage stamps. Letters containing cash should always be registered.

Packing, etc. No charge is made for boxing, bags, or packing otherwise (except for 2 bushel seamless grain bags), nor for cartage or delivery to any railroad depot, express or steamboat wharf in the city.

Very respectfully,

HENRY F. MICHELL, Pres't
FRED'K J. MICHELL, Vice-Pres't

A FEW GOOD SPECIALTIES FOR THE MARKET GARDENER

CELERY

MICHELL'S FAR SUPERIOR (*Original Stock*). This **grand winter Celery** has met with unrivalled success with all who have ever grown it. It is an **enormous yielder**, **does not become pithy** under the most trying conditions, is **crisp** and **nutty** and is finely flavored. Many of the most prominent market gardeners are dependent on this excellent sort entirely for their winter supply. You can, therefore, make no mistake by growing it. Price: 20c. per oz.; per $\frac{1}{4}$ lb., 70c.; \$2.50 per lb.

Michell's Far Superior Celery.

WINTER QUEEN (*Michell's Private Strain*). Speaking of celery merits, there are few sorts can equal this one. Its winter keeping qualities, crispness and stockiness of growth are hard to approach. The strain we offer here was produced near Philadelphia by one of the largest market gardeners. He has been improving the stock for a number of years. We feel entirely confident that the best results only will be had from growing and marketing it. (Seed stock limited.)

Price: 30c. per oz.; $\frac{1}{4}$ lb., 85c.; \$3.00 per lb.

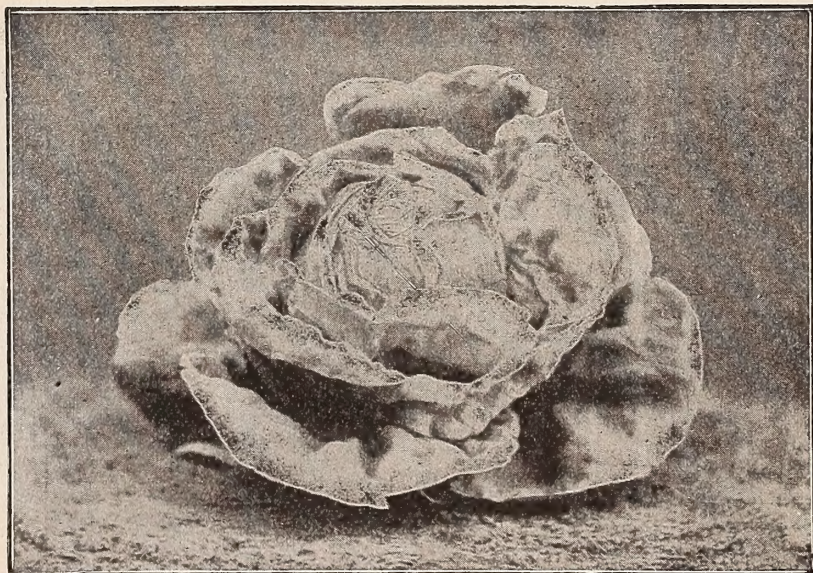

Michell's Strain Perfection Drumhead Savoy Cabbage.

CABBAGE

PERFECTION DRUMHEAD SAVOY. All market gardeners are familiar with the difficulty in getting a superior strain of Savoy Cabbage. We offer the above sort produced on the seed farm of our most reliable cabbage seed grower on Long Island. Every one sowing it can do so confident that nothing but the finest heads of cabbage will be produced. Our seed must not be compared with low-priced, imported seed stock.

Price: 15c per oz; per $\frac{1}{4}$ lb., 50c; \$1.60 per lb.

Michell's "All-Right" Lettuce.

LETTUCE

MICHELL'S ALL-RIGHT (*Spring and Autumn*). Although not new by any means, this Lettuce has proven itself more valuable to the trucker than many of the sorts now on the market. It produces fine, large heads, 30 of which usually fill a barrel. It is of excellent color and commands a fancy price in market compared with most other varieties. Particularly valuable for sowing under sash in spring or for outdoor use in the autumn. Does not turn brown when cold weather approaches.

Price: 20c. per oz.; per $\frac{1}{4}$ lb., 60c.; \$2.00 per lb.

NITRO-CULTURE (THE GREAT SOIL RESTORER).

NITRO-CULTURE consists of nitrogen collecting Bacteria which work in the soil and on the roots of leguminous plants, having the power to collect free nitrogen from the air and supply it to the plants. All plants need nitrogen, which is very costly when obtained through chemical fertilizers. The remarkable increase of crop frequently reported and caused by inoculation is due wholly to the large amount of nitrogen collected from the air by the Bacteria.

Value as Soil Renovator. It has been ascertained from the most reliable sources that the average inoculated leguminous crops such as Clover, Alfalfa, Vetch, Peas, Beans, etc., will not only under the proper conditions show an increase of crop, but also that the Bacteria will collect from the air and leave in the soil at the end of the season after the crop is harvested not less than 100 pounds of nitrogen per acre. This nitrogen at present market prices would be worth \$15.00 and upwards per acre, and would show a corresponding increase in the next succeeding crop, no matter what it may be.

Increase of Crop. It would be impossible for us to estimate what the increase caused by inoculation might be. Conditions vary in different sections. In some cases increases are reported to be very great, crops like Alfalfa, Clover, Vetch, Peas, Beans, etc.,

having been made to grow in sections where they had never been successfully grown before. We therefore, advise our customers to try the experiment and ascertain the true value of NITRO-CULTURE on their respective soils.

The following crops may be treated with NITRO-CULTURE: Alfalfa or Lucerne, Red or Mammoth Clover, Alsike and White Clover, Crimson Clover, Burr Clover, Cow Peas, Garden Peas, Garden Beans, Soja Beans, Velvet Beans, Vetch, Peanuts, Field Peas, Sweet Peas.

PRICE LIST.

Trial packages, 25 and 50c.; 1-acre package, \$1.50; 5-acre package, \$5.00; 20-acre pkg., \$18.00; 50-acre pkg., \$40.00. **Special Garden Packages:** Sweet Peas, 25c.; Garden Beans, 25c.; Garden Peas, 25c.

NITRO-CULTURE cannot be furnished for any crops like corn, wheat, potatoes, cotton, etc., but only those which are mentioned on the above price-list. Inoculated clover may be planted with oats or other crops, and we have reason to believe that they will be benefited.

For a Complete List of Farm Seeds, see pages 37, 39, 40 of our Retail Catalogue.

MICHELL'S FAMOUS GRASS SEEDS

A Lawn at Bryn Mawr, Pa., Seeded with Michell's Evergreen Lawn Grass Seed.

Michell's Non-Superior Evergreen Lawn Grass Seed. Too well known to need description. We have a national reputation on this grass formula. The **BEST LAWN GRASS SEED** that exists for general use. Thousands of bushels sold annually; used by all the large estate managers, country clubs, and cemetery superintendents. A trial will convince you of its merits. Sow 4 bushels per acre on new lawn, or $2\frac{1}{2}$ bushels in reseeding old lawns. Prices: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

Michell's Shaded Lawn Grass Mixture. Difficulty is frequently experienced in establishing a lawn where shade and other trees exist. This has been entirely overcome by the introduction of this fine formula. Those who have used it cannot get along without it for seeding shaded locations. Results are most gratifying. Will never fail if properly sown. Prices: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

Fairmount Park Lawn Seed. A very fine mixture indeed, meeting the requirements of those desiring a moderately priced grass seed. Sow 4 bushels to the acre on new land or $2\frac{1}{2}$ bushels on old ground. Prices: Per qt. 10c., 20c. for 2 qts., 4 qts. 35c., 60c. per pk., per bu. (15 lbs.) \$2.25, (5 and 10 bu. lots at \$2.10 per bu.)

Evergreen Grass with no Clover. Many people do not want white clover in a lawn. This mixture fills that want entirely. Price: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

Michell's Seashore Formula Grass Seed Mixture. The salt atmosphere plays havoc with the seashore lawn, and unless the proper formula of seed is sown, trouble is sure to come. This mixture contains such grasses only as thrive best in salt air regions; no reason why you cannot have as fine a lawn at the summer resort by the sea as at the country residence. Sow 4 bushels to the acre on new ground or $2\frac{1}{2}$ bushels for reseeding old lawns. Prices: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

Michell's Lawn Tennis and Polo Grass Seed Mixture. The game can be enjoyed much better when the proper grass (where grass is still used on tennis courts) is under foot; growth is short and compact, of rich green verdure. Sow 4 bushels per acre on new lawn or $2\frac{1}{2}$ bushels on old lawns (partially covered with growth). Prices: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

Michell's Terrace or Embankment Grass Seed Mixture.

A serious problem that always confronts the gardener after a rainstorm is the replacing of washed-out places in the terraced lawn. By sowing our Embankment Mixture there will be no fear of this. Sow at the rate of 4 bushels per acre. Prices: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

Michell's Golf Course Grass Seed Mixture. There's no dread of defeat on the fair greens or links where this seed is sown. No obnoxious growth to obstruct the rolling of the ball. A big boon to the lover of the golf course. Sow 5 bushels per acre. Prices: Per qt. 10c., 20c. for 2 qts., 4 qts. 35c., 60c. per pk., per bu. (15 lbs.) \$2.25, (5 and 10 bu. lots at \$2.10 per bu.)

Michell's Putting Greens Mixture. This is a new mixture of our own; made up especially from such grasses as will grow very short and make a solid surface to withstand heavy wear, and positively no obstruction or interruption to the rolling golf ball. Prices: Per qt. 20c., 30c. for 2 qts., 4 qts. 50c., 85c. per pk., per bu. (20 lbs.) \$3.25, (5 and 10 bu. lots at \$3.15 per bu.)

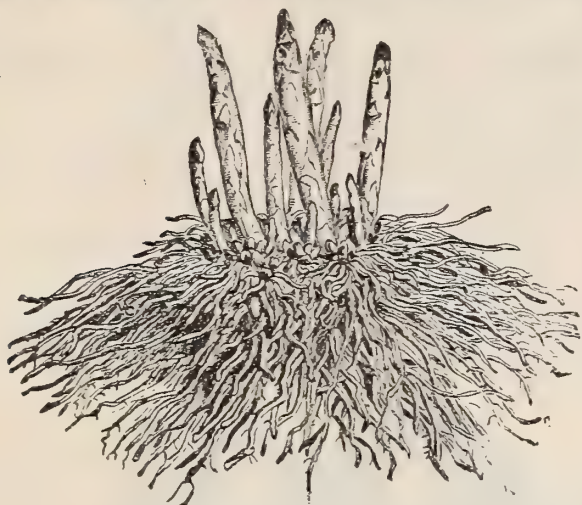

GRASS MIXTURES FOR FIELDS

Michell's Permanent Pasture Grass Mixture. A composition of varieties of grasses best suited to the purpose named. A single seeding lasts for years; may be used as a pasture one season, the next as a hay crop. Sow $2\frac{1}{2}$ bushels per acre on new land (just plowed and harrowed) or $1\frac{1}{2}$ bushels on old lands (those partially covered with grass). Prices: Per qt. 15c., 40c. for 4 qts., per pk. 75c., \$2.75 per bu. of 20 lbs., (5 and 10 bu. lots at \$2.50 per bu.)

Exposition or Quick Growth Mixture. When we had the National Export Exposition in Philadelphia in 1899, the landscape contractor agreed to furnish a lawn with grass growing on it in four weeks. He came to us and we solved the problem. This is also largely used in fields for pasturage, or when an immediate growth is desired. The *Torresdale Filler Beds* are seeded with almost 1,000 bushels of this (15 lbs. per bushel). Prices: Per qt. 10c., 20c. for 2 qts., per pk. 50c., \$2.00 per bu. (5 and 10 bu. lots at \$1.85 per bu.)

Michell's Special Hay Field Mixture. This mixture is comprised of grasses that go to make up (when matured) a most desirable hay crop. When sown once and established it will remain permanent for years. Sow $2\frac{1}{2}$ bushels per acre. Price: 15c. per qt., 4 qts. for 40c., 75c. per pk., per bu. (20 lbs.) \$2.75, (5 and 10 bu. lots at \$2.50 per bu.)

FLOWER AND SEEDS IN DISPLAY CABINETS VEGETABLE

FOR STORE COUNTERS

These silent salesmen, for as such they act, when placed upon store counters readily attract the attention of your customers who, while probably waiting for something else, will select from them some favorite flower or vegetable seed which they would hardly think to ask for if they did not see it. We make these Cabinets up in assorted sizes containing 50, 100, 150 and 200 packets of well-assorted seeds of such varieties as sell well in stores. The Cabinet, when shown with a full equipment of seed in colored lithographed packages, adds an attraction to your place of business.

Price, \$2.50 per 100 packets (sold outright, including Cabinet), of either **Flower or Vegetable Seeds. NOT RETURNABLE.**

Larger quantities than 100 packets (without Cabinet), \$2.00 per 100 packets. **NOT RETURNABLE.**

Handsome Display Signs furnished free with all orders.

NOVELTIES IN FLOWER SEEDS FOR 1906

3/4-NATURAL SIZE

Aster—Vick's Violet King

ASTER—Vick's Violet King

A new and distinct variety, of branching habit; a vigorous grower, with long stiff stems. A continuous bloomer; flowers very large and double, many of them measuring 4 to 5 inches in diameter. Color, a soft violet lilac. Price: 25c. per pkt.; 3 pkts., 65c.

ASTER—Hercules

A new variety, of the Hohenzollern type; of branching habit. *Flowers very large, 6 to 7 inches in diameter, pure white.* May be compared to the *monster exhibition flowers* of Giant Japanese Chrysanthemums. An excellent variety for cutting, and on account of its moderate height is also good for pot culture.

Price: 20c. per pkt.; 3 pkts., 55c.

ASTER—Lavender Gem

A beautiful variety, of the Comet type, with large, loosely arranged flowers, which are *perfectly double* and of a *beautiful, delicate shade of lavender*. Flowers are borne on long stems and are excellent for cutting. Price: 40c. per trade pkt.; 1/4 oz., 75c.

ASTER—Snowdrift

An excellent early variety of Aster of the Ostrich Feather type, *coming into bloom in July.* Bears a profusion of *large, double, pure white* flowers on long, strong stems.

Price: 40c. per trade pkt.; 1/4 oz., 85c.

BEGONIA—Graf Waldersee

A new variety, of the Vernon type; a vigorous grower, and produces a *great profusion of beautiful orange-scarlet* flowers.

Price: Per trade pkt., 50c.

CANDYTUFT—New Dwarf

Large Flowered

An improved and selected strain of Candytuft. Plants are more *dwarf and compact* than the ordinary varieties, and produce *four to five times as many flowers*, and much larger. Each plant forms a veritable bouquet of flowers.

Crimson, Pink, White.

Price: Each color, 25c. per trade pkt.; oz., \$1.00.

NASTURTIUM—New Dwarf, Queen of Tom Thumbs

Silver Variegated Foliage

Plant dwarf and compact, making it *valuable for bedding*. Flowers *rich bright crimson*, which forms a very pretty contrast to the silver variegated foliage. Very free flowering.

Price: 20c. per pkt.; 3 pkts., 55c.

PETUNIA HYBRIDA—Enchantress

A new dwarf, compact variety, growing about 12 inches high, and almost *covered with flowers from early summer until killed by frost*. The flowers are of *many shades and colors*; some are margined, while others are flaked or marbled with white.

Price: 20c. per pkt.; 3 pkts., 50c.

Large-Flowering "Cecily-Phlox".

Large Flowering DWARF PHLOX—Cecily

A new class of dwarf, compact Phlox, differing from the older varieties by the *extraordinary large size of the flowers* and the robust growth of the plants. The range of colors is as rich and varied as that of the tall varieties.

Price: 30c. per 1/2 trade pkt.; trade pkt., 50c.; \$1.00 per 1/4 oz.

WINTER STOCK—Crimson King

A new variety of the same type as Beauty of Nice and Queen Alexander, offered last season. The plant attains a height of 2 to 2 1/2 feet and throws a gigantic flower spike 1 foot in length, around which are a number of side shoots, and all *covered with large, fragrant flowers of a brilliant fiery crimson*, a large percentage of which are double. Price: 20c. per pkt.; 3 pkts., 50c.

NEW SWEET PEA—Evelyn Byatt

The Richest Colored Sweet Pea Yet Introduced

A great acquisition to our list of Sweet Peas. Standard, rich orange salmon, with wings of a trifle deeper color, giving a *rich, fiery orange or deep sunset color to the whole flower*; very striking and unique. This new variety has caused a great sensation wherever shown the past year. Price: 20c. per pkt.; 3 pkts., 50c.

MICHELL'S CELEBRATED FLOWER SEEDS

FLOWER SEEDS being one of the most important branches of our business, it is our constant aim to supply only such Varieties and Strains that will give the best of satisfaction; our trade on these has increased wonderfully, due only to the dependable seed furnished. PLANT NOVELTIES

Carnation—"My Maryland"

CARNATIONS—CONTINUED

VARIEGATED LAWSON.—Like the famous Mrs. Thos. W. Lawson, from which this variety is originated, this sort promises to become equally as popular. The flower is immensely large and an excellent keeper. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

VICTORY.—Color a bright glistening scarlet; the largest of its color. It produces no surplus blind shoots and is hence a prolific bloomer. As a keeper and a shipper it has no equal. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

CHRYSANTHEMUMS

BEATRICE MAY.—A splendid white of the largest size. The stem, foliage and dwarf habit is unsurpassed. Height 3 feet; scored 95 points on a commercial and exhibition scale. It will be found a most profitable sort. Price: 50c. each; per doz., \$5.00; \$35.00 per 100.

JEANNIE NONNIN—Pronounced the most perfect pure white sort for late use ever grown. The foliage is free, very heavy and dark green. The stem is very stiff and, in short, it is classed as the best variety in white either for commercial or exhibition purposes. Price: 25c. each; per doz., \$2.50; \$15.00 per 100.

MRS. JOHN E. DUNNE.—The color is a splendid terra-cotta, salmon shade. One of the best of the newer introductions. It produces gigantic blooms on stiff, well-decked stems. Awarded Silver Gilt Medal in Melbourne, Australia. Price: 50c. each; per doz., \$5.00; \$35.00 per 100.

MORTON F. PLANT (*The Pink Dailedouze*). This sort has become famous as a pink variety. Like Beatrice May, it scored 95 points on a commercial and exhibition scale. The shade of pink is very clear and pronounced; shape of flower like V. Morel, but twice as large. Price: 75c. each; per doz., \$7.50; \$60.00 per 100.

CARNATIONS

ABUNDANCE.—A phenomenal white variety, a tremendous bloomer, and the earliest sort in its color. Claimed to be the most profitable sort ever offered. The flower is very large, produced on long stiff stems; excellent keeper. Price: \$2.00 doz.; per 100, \$10.00; \$75.00 per 1000.

CANDACE.—Color a handsome clear pink; habit excellent in every detail; will be soon recognized as a leader in pink sorts. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

JOHN E. HAINES.—One of the best commercial reds ever shown, it met with great favor wherever exhibited. The flower is quite large, produced on long stems, excellent keeper. The plant is very productive. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

MY MARYLAND.—A cross between Norway and Lawson. Color a pure glistening white; size 3½ inches in diameter; form and calyx perfect in every respect. The keeping and shipping qualities of this excellent sort are the best; indeed, it may be counted upon as the most profitable commercial variety. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

ROBERT CRAIG.—This variety has been advertised for quite some time and is reputed to be able to bear out all the good points claimed for it. The color is an ideal red, being a tremendous cropper just at times when other sorts are scarce. It is sure to be a winner wherever offered for sale as cut flowers. The bloom is immense, the plant very free, and can be grown by most any one. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

SPORT.—A dazzling scarlet; has proven itself very valuable as a commercial sort the past season. The color is very vivid and quite distinct. It is a very free bloomer and makes a good plant. Size of flowers are very large and of excellent keeping qualities. Price: \$2.50 per doz.; per 100, \$12.00; \$100.00 per 1000.

Chrysanthemum—Jeannie Nonnin

PLANT AND BULB NOVELTIES

NEW CALLA "MRS. ROOSEVELT"

The originators claim this novelty to be entirely distinct from any Calla ever offered. The flowers are a light, clear yellow, produced very freely on long, stiff stems. The foliage is a deep green, blotched white. Besides making a most saleable pot plant, it is desirable for bedding.

Price: Mammoth bulbs, 35c. each; per doz., \$3.50; \$6.50 for 25.

P. S.—We would especially recommend every florist to buy some of these Callas and thereby work up a stock.

Mrs. Roosevelt Calla.

Gladioli "Jane Dieulafoy".

GLADIOLUS

The Gladiolus family, like many other bulbs, is gradually being improved. These bulbs produce handsome blooms for use during summer when most flowers in their class are scarce. They are excellent for bouquet work, decorative effect and, if the individual florets are used, they can be applied to design work. We offer here a few choice new sorts, which should be bought by every florist.

BARON STAFFE. A mammoth flowering sort. Color a clear lilac, stained pale violet and yellow. A handsome variety.

Price: \$1.50 per doz., per 100 \$10.00, \$80.00 per 1000.

GIL BLAS. A very early dwarf variety. Flowers colored a salmon rose, with a fire red blotch on straw-colored ground. Very striking.

Price: \$1.00 per doz., per 100 \$7.50, \$70.00 per 1000.

JANE DIEULAFOY. Flowers creamy white, lower petals stained a deep maroon.

Price: \$2.75 per doz., per 100 \$20.00, \$165.00 per 1000.

SENATOR VOLLAND. Blooms very large on long spikes. Color pure blue, dark violet blotch with a yellow stain striped blue. A remarkable and striking combination of colors.

Price: \$2.00 per doz., per 100 \$16.00, \$150.00 per 1000.

TESTIMONIAL ON GLADIOLUS

Henry F. Michell Co.,

Sharon, Pa.

Gentlemen: Thanks for the fine lot of Gladioli Bulbs sent me. They are certainly extra nice. I would not give one bulb of them for three of some that I have bought on other occasions.

Yours very truly,

E. McC.

GERANIUMS

TELEGRAPH (Single). A most beautiful shade of cerise scarlet is shown in the bloom of this excellent commercial Geranium. Those who have seen it agree with the introducer thereof that it is the finest type of bedding Geranium ever offered. It is of very easy culture and produces a wealth of bloom almost constantly. Price of strong plants, 25c. each; per doz., \$2.50; \$15.00 per 100.

TIFFIN. The freest flowering of all single scarlet Geraniums. The blooms are produced freely, the clusters being very large. The foliage is a good shade of green. The growth is very shapely, producing a dense, compact plant. The originator, in introducing it, says he has tested it for eight years to observe any defects it might have, but has never been able to detect them. The plant is an excellent bedder as well as a free winter bloomer. Every florist can work up a stock of this excellent novelty by engaging some plants at once. Orders booked in strict rotation, delivery commencing February 1st. Price: Strong 2 in. pot plants, 25c. each; per doz., \$2.25; \$15.00 per 100.

Geranium Tiffin.

Our Dahlia stock this season is the finest, most complete, we have ever had. We offer strong field grown roots, with plenty of shoots on, and in such condition that we know they will give entire satisfaction.

DAHLIAS

Dahlias are fast becoming an annual cut flower product of the up-to-date florist. They bloom at a time when other cut flowers (generally) are scarce. The easy culture connected with their production render them invaluable. The newer sorts command, when well grown, good prices. Our list embraces the finest sorts for florists' cut-flower trade.

MRS. ROOSEVELT.—This Dahlia without exception is the finest ever offered in any class. It is large, full, and perfectly formed; the illustration will convey a partial idea of its grandeur. The color is an exquisite light pink, turning paler—almost white—toward the centre. It is a free bloomer and should be in every collection. Price: strong roots, 25c. each; per doz., \$2.50.

Liquid Manure Distributer.

This is one of the best up-to-date methods for applying liquid manure. It can be attached to hose with which you are watering, and connected with a barrel of liquid manure, and the suction of water passing through hose will draw a quantity of manure with it, which can be regulated to any desired quantity. All brass.

Price, \$1.50 each. (By mail, postpaid, \$1.65).

ACME HOSE CROOK—And Swivel Joint.

Saves the hose and doubles its life. Attached to ground pipe or spigot. Bending of the hose is avoided. Each, 45c.; \$4.50 per dozen.

MICHELL'S WATERING POT ATTACHMENT.

Putting the finger in front of the watering pot spout is awkward, and the water falls unevenly. Michell's Watering Pot Attachment does away with this, causing the water to fall evenly distributed. Made so as to fit over the regular Wotherspoon watering can pipe. Price, postpaid 30c. each.
